KONICA MINOLTA C3070 - 2017 - SN: 071423243004A

Brand: KONICA MINOLTA | **Category:** Digital Printing Equipment | **Ref:** TECH202610a586

AVAILABLE

MACHINE SPECIFICATION

Reference Code	**TECH202610a586**
Brand	**KONICA MINOLTA**
Category	**Digital Printing Equipment**
Condition	**Used**
Status	**Available**

TECHNICAL DATA

Max Sheet Size	**30.48 x 45.72 cm**
Operating Speed	**14 000 pages/hour**

DESCRIPTION

Konica Minolta bizhub PRESS – Digital Production Printing Machine

Manufacturer: Konica Minolta

Product range: bizhub PRESS

Machine type: Digital Production Printing Press
Category: Digital Printing Machines

The Konica Minolta bizhub PRESS series is designed for professional digital printing and high-quality production environments. Combining reliable performance, consistent image quality, and efficient document processing, these machines are suitable for commercial printers, print shops, and in-house printing departments.

Depending on the model and configuration, the bizhub PRESS range supports a variety of applications, including brochures, flyers, business documents, booklets, manuals, and other commercial print materials.

Designed to support demanding production workflows, these digital presses offer professional printing capabilities and can be equipped with finishing options such as duplex printing, booklet making, folding, and other document finishing functions, depending on the model.

Applications:
- Commercial digital printing
- Brochures, flyers, and marketing materials
- Business documents and manuals
- Booklets and other printed publications
- Professional print-on-demand production

Technical specifications:
- Manufacturer: Konica Minolta
- Product range: bizhub PRESS
- Printing technology: Digital
- Printing format: Model-dependent
- Printing speed: Model-dependent
- Paper capacity: Model-dependent
- Finishing options: Configuration-dependent
- Year of manufacture: To be confirmed
- Condition: To be confirmed

A versatile solution for professional digital printing, offering high-quality output and flexible production capabilities.
